

2/4-Port USB DVI KVM Switch with Audio & USB 2.0 Hub

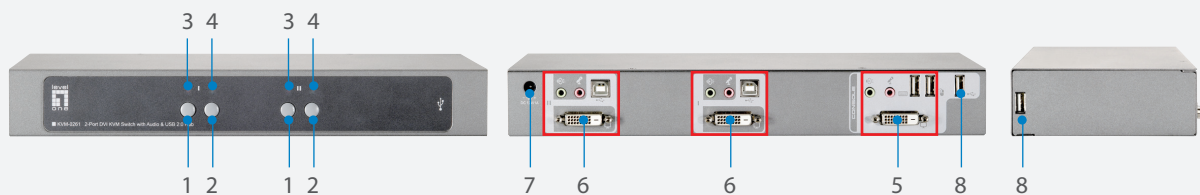

KVM-0261
KVM-0461

H/W Version: 1

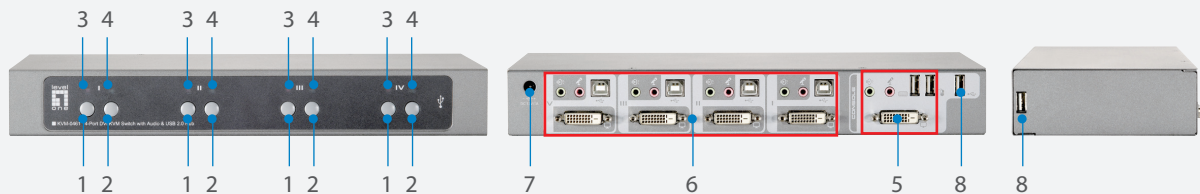

LevelOne KVM-0261/0461 Switch allows you to share one USB keyboard, mouse, DVI monitor and a set of speakers between 2/4 computers, which saves space and reduces peripherals clutter. The device also features an integrated 2-port USB 2.0 hub for sharing USB devices such as an MP3 player, printer or external hard drive between connected computers.

This high resolution KVM is capable of displaying up to 2560x1600 @ 60Hz, making it the perfect solution for imaging and multimedia environments. Multi-tasking is made easy with the built-in hotkeys or front panel push button for easy channel switching, and the independent audio-switching allows the user to play music from one computer while surfing the Internet from another.
